LXI PARTNER PROGRAM

Show LXI.
Win customers.

Develop, try out and publish websites and apps directly. Show others how it works and become an LXI sales partner.

How the Maker works.

A club website, a workshop registration or an admin app: In the Maker you describe what you need. You check the preview, adjust your project with short messages and publish it from the same workflow.

A real look at the LXI Maker: the conversation on the left, the interactive preview of a sample website on the right.

More than one draft

Preview, targeted changes and publishing belong together. Your projects stay available in Maker for later adjustments.

One system, many possibilities

Create texts, images and video clips in chat. Studio adds flyers, newsletters and the Video Creator for videos with voiceovers and editing. Translator, hosting, domains and webmail are included.

LXI Partner program

GET TO KNOW TOOLS AND WIN CUSTOMERS

How to get started as an LXI Partner.

You introduce people to a tool they can try themselves. Show a specific use case and guide them through getting started.

Apply for free

No joining fee, no mandatory purchase and no paid plan required for participation. Customer account and partner application in one step.

Learning in LXI College

Practical exercises, real insights and knowledge checks. Build websites and apps, produce videos and learn to clearly communicate the benefits.

Your partner area

Personal referral links, customer and network overview, commissions, materials and training in one place.

Finances at a glance

Add a bank or PayPal account, track compensation and statements, and download reports for your records.

How your sales success is rewarded.

You share in actually paid net subscription revenue from your assigned private customers and partners, after discounts. Free upgrades and monthly renewals also count. Four partner levels apply:

Level 1	Level 2	Level 3	Level 4
15 %	**5 %**	**2 %**	**1 %**

Recurring instead of reordering: Each successful monthly payment automatically generates commission again, without monthly repeat orders. Participation continues until the effective end of the contract. Paid renewals also count. Released after 30 days; paid out from 25.00 €. Refunds and chargebacks are taken into account.

Five career levels: Partner · Professional · Team Lead · Senior Partner · Executive Partner. Qualifying revenue over the last 90 days determines your level. Reaching a level earns the specified one-time credit bonus.

Corporate customers: 10 % on qualified direct business deals. Enterprise offers follow LXI business rates; a separate compensation structure applies to business revenue.

Your start in three steps

1. **Apply:** A form for your customer account and your partner application, including a phone number for questions.
2. **Confirm email:** We will inform you about your partner access. You can already use your customer account after confirmation.
3. **Try it yourself:** After approval, start in the College, build a club website and show an honest demo.

Paid product subscriptions from assigned customers and partners count. Free accounts and free registrations do not generate commission; the paying partner receives no commission on their own subscription payments. No income guarantee. You work independently and are responsible for required business registration and taxes. Payouts require complete identity, tax and payment details. Features and quotas depend on the selected plan. All details: Compensation · Partner terms.
